

HELLO SUMMER!

Art Journal Prompts

1. What is your favourite summer tradition? Create a page dedicated to that annual trip to the lake or first ice cream cone of the season!
2. Summer is bursting with colors – what colors just instantly say "summer" to you? Use these colors to create a page that feels like summer.
3. We can find inspiration all around us, especially in our neighborhood! Take a walk and snap some photos along the way of colors or patterns that jump out at you. Use these pics as inspiration in a spread.
4. Grab some washi tape (you know you have it!) and incorporate it into a page. Try to think creatively and use it in unexpected ways!
5. Create an entire page in monochrome (different shades of one color.)

Live in the sunshine. Swim in the sea. Drink in the wild air.
