

ART JOURNALING PROMPTS

1. Use gesso to create a background for a page. Apply with a paint brush or your fingers!
2. Cut out some magazine images, then collage in a page using matte medium. Let dry and then doodle over top.
3. Experiment with your watercolors. Add water, splash them around - find out how they react on the page.
4. Smear some modeling paste on your page, then use the wrong end of a paintbrush to write the lyrics to your favourite song!
5. Draw a series of circles all over your page with a water soluble pencil, and then go over with a wet paintbrush to create a watery effect!
